

Further Your Education, Advance Your Career

Abilene Christian University and the Hispanic Women's Network of Texas have partnered together to offer a unique experience for HWNT members.

Learn from anywhere with ACU's online degree programs offering areas of study in business, communication, counseling, education, healthcare, nursing, technology and theology. Engage in collaborative learning and class conversations to advance your skills and knowledge and develop a clear vision for your future. You'll bring your own hopes, goals and dreams – and learn alongside peers and professors who will prepare you for a life and career with meaning.

ACU knows every student's journey is unique and we believe everyone can be successful, given the right tools and support.

Whether you are hoping to advance in your current field or change to an entirely new one, furthering your education is the first step towards that change. Supported by a faculty of Christian scholars, we prepare undergraduate and graduate students for service and leadership in both their personal and professional lives.

TUITION BENEFIT

As a Hispanic Women's Network of Texas member, you are eligible for a 10% reduction on tuition across all ACU Online programs. Additionally, our standard \$50 processing fee will be waived when you apply. All new students are eligible for a variety of scholarship opportunities. Because tuition varies by program, you should connect with an advisor to discuss tuition and additional resources available to you to fund your education.

ONLINE COMMUNITY

With our online degree programs, you'll focus on one or two class(es) at a time during each seven-week session. Whether your concerns are time, funding, or scheduling, your dedicated advisor is ready to help you figure out a solution that works for you.

WHY ACU?

- 100% Online Bachelor's, Master's, Doctorates and Certificates
- Fully accredited degree programs from a top-ranked Texas school
- No GRE or GMAT requirement for graduate programs
- No SAT or ACT requirement for undergraduate programs
- Designed for busy working adults
- Supportive, like-minded community
